**Subject:** EUA 27034: IR regarding Bell's palsy

Elisa and Carmel,

The review team has the below IR regarding Bell's palsy. Please confirm receipt of this IR and the review team has requested a response ASAP.

Please provide the following information about the 4 subjects who reported facial palsy: for each subject of the 4 subjects: identify the laterality of the facial palsy and the vaccination site, in addition to the timing from the last vaccine dose (i.e., subject xx received study vaccine in the right arm and 3 days later reported left sided facial palsy).

Regards,
