**EMERGENCY USE
AUTHORIZATION ACKNOWLEDGEMENT**
November 25, 2020

BioNTech Manufacturing GmbH (in partnership with Pfizer, Inc.)
Attention: Ms. Elisa Harkins
500 Arcola Road
Collegeville, PA 19426

Dear Ms. Harkins:

The Center for Biologics Evaluation and Research (CBER) has received your Emergency Use Authorization (EUA) submission. The following product name and reference number have been assigned to your request. They serve only to identify it and do not imply that this Center either endorses or does not endorse your request.

REFERENCE #: EUA 27034

SPONSOR: BioNTech Manufacturing GmbH (in partnership with Pfizer, Inc.)

PRODUCT NAME: Human Coronavirus mRNA Vaccine (SARS-CoV-2 Spike Protein; BNT162b2) in Lipid Nanoparticles (ALC-0315, ALC-0159, DSPC and Cholesterol) (Pfizer-BioNTech COVID-19 Vaccine)

DATE OF SUBMISSION: November 20, 2020

DATE OF RECEIPT: November 20, 2020

It is understood that use of your vaccine under an EUA will not be initiated until you have received authorization from the FDA.

If we notify you, verbally or in writing, of any deficiencies that require correction before use of your vaccine under an EUA can begin, it is understood that you will continue to withhold such use until you are notified in writing that your product is authorized for emergency use.

You are responsible for compliance with applicable portions of the Public Health Service Act, the Federal Food, Drug, and Cosmetic Act, and the Code of Federal Regulations (CFR), unless FDA grants limits or waivers from current Good Manufacturing Practice regulations under section 564(e)(3). A copy of the *Emergency Use Authorization of Medical Products* guidance can be found at

<http://www.fda.gov/RegulatoryInformation/Guidances/ucm125127.htm> and a copy of the

U.S. Food & Drug Administration
10903 New Hampshire Avenue
Silver Spring, MD 20993

applicable laws can be found at

<https://www.fda.gov/emergencypreparedness/counterterrorism/medicalcountermeasure/s/mcmlegalregulatoryandpolicyframework/ucm2007271.htm>.

All laboratory or animal studies intended to support the safety of this product should be conducted in compliance with the regulations for Good Laboratory Practice for Nonclinical Laboratory Studies, 21 CFR Part 58, <http://www.accessdata.fda.gov/scripts/cdrh/cfdocs/cfCFR/CFRSearch.cfm?CFRPart=58>. If such studies have not been conducted in compliance with these regulations, please provide a statement describing in detail all differences between the practices used and those required in the regulations.

This reference number should be used to identify all future correspondence and submissions, as well as telephone inquiries concerning this EUA.

CBER prefers correspondence regarding this file to be submitted electronically as an unstructured Portable Document File (PDF) on electronic media (digital video disc (DVD), compact disc (CD) or USB flash drive, etc.). For further information regarding CBER's preferred method for submitting submissions, please reference SOPP 8110 *Submission of Regulatory Applications (electronic submission exempt) to the CBER Document Control Center* available at <https://www.fda.gov/media/89820/download>. If you choose to submit paper submissions, please submit only one copy of all paper correspondence to the following address:

Food and Drug Administration
Center for Biologics Evaluation and Research
Document Control Center
10903 New Hampshire Ave.
(b) (6)
Silver Spring, MD 20993-0002

CBER strongly encourages the use of secure email. Secure email makes use of encryption during transmission and the messages are decrypted upon receipt using the certificate. To establish secure email, please follow the instructions in SOPP 8119 *Use of Email for Regulatory Communications*, Appendix A at <http://www.fda.gov/BiologicsBloodVaccines/GuidanceComplianceRegulatoryInformation/ProceduresSOPPs/ucm109645.htm>. Please note that secure email may not be used for formal regulatory submissions to applications.

If we have any comments after we have reviewed this submission, we will contact you.
