Dear Ms. Harkins,

Please see below for our revised item 2.

2. *Pediatric age groups. In your PVP, you include use in pregnancy and lactation, and vaccine effectiveness as Missing Information. However, limited information is available for use of this product in pediatric age groups. Please add pediatric age groups below the age of 16 years to the PVP as missing information.*

Please confirm receipt of this email and let me know if you have any questions or need additional information.

Regards,

(b) (6)

Dear (b) (6)

We have the following clarifying question for this request.

Please clarify, in #2 is FDA requesting that we add as Missing Information a particular age group as MI?

Please advise.

Best regards,
Elisa
