Subject: [EXTERNAL] EUA 27034 - Pfizer-BioNTech COVID-19 Vaccine - Timeline to submit the QC reviewed DART study report

Dear Ms. Harkins,

You state in the Clinical Pre-EUA meeting briefing document submitted in IND 19736 amendment 125 (dated October 30, 2020) that "The final audited study report for the ongoing DART study will be available the first week of February 2021. However, a QC reviewed draft final report of the entire data package is expected to be available in mid December 2020 and can be used to support the potential use of the vaccine during pregnancy." Please let us know exactly when in December you anticipate submitting the QC reviewed draft final report.

Please confirm receipt of this message and let me know if you have any questions or need additional information.

Regards,
