Subject: [EXTERNAL] STN 125742/45: IR RE EA/CE and FDA form 356

Kate,

The review team has the below Information Requests (IRs) for you. Please submit your responses in an amendment to STN 125742/45 by February 10, 2022.

1. We noticed that there wasn't any information in the supplement regarding Environmental Assessment (EA) or a claim of categorical exclusion (CE).

As per 21 CFR 25.15(a), all applications requesting agency action require the submission of an Environmental Assessment (EA) or a claim of categorical exclusion (CE). This includes Biologics License Supplement submissions. Please submit an EA or a Claim of CE in an amendment to STN 125742/45 in Module 1.12.14.

2. Please submit a revised FDA form 356h that includes the information regarding all establishments and manufacturing facilities (e.g., including the (b) (4) site).

Regards,
