Reference is made to the request for Emergency Use Authorization (EUA) for Pfizer-BioNTech COVID-19 Vaccine for the prevention of COVID-19 in adults ≥ 16 years of age submitted November 20, 2020.

The present submission provides the Narratives and CRFs for all serious adverse events and premature study discontinuations due to an adverse event in Module 5.3.5.1.

In addition, and with reference to an email conversation between myself and Dr.

This label was meant to have been replaced by the 25-pack carton labels identified as Wave 2 - Kalamazoo 5 and Wave 2 - Puurs 5. There are no information differences between the labels, the difference is the layout of the carton.
