Re: Request for Emergency Use Authorization (EUA) 27034

Pfizer-BioNTech COVID-19 Vaccine

**Vaccine and Related Biologics Advisory Committee (VRBPAC) Briefing
Document**

Dear Dr. Gruber,

Reference is made for the Request for Emergency Use Authorization (EUA) for Pfizer-BioNTech COVID-19 Vaccine for the prevention of COVID-19 in adults ≥ 16 years of age submitted 20 November 2020. Further reference is made to the VRBPAC Briefing Document submitted November 25, 2020.

We are presently submitting an updated Briefing Document that has been revised for a minor error. In Figure 7, a graph of the neutralization data for B2 in older adults is now substituted for the graph of B1 data in older adults that was there previously. The text and the graph are consistent.

This submission has been scanned for viruses using McAfee VirusScan Enterprise Version 8.8 and is virus free. The submission is being provided via hard drive to be uploaded.

Should you have any questions regarding this submission, or require additional information, please contact me via phone at 215-280-5503; via facsimile at 845-474-3500; or via e-mail at elisa.harkinstull@pfizer.com.

Sincerely,

Elisa Harkins
