Subject: STN 125742/0 – COMIRNATY – Submission of CMC information to support extension of shelf life of BNT162b2 to 9 months

Dear Ms. Harkins,

Reference is made to the amendment 260 to your EUA 27034 (dated August 13, 2021) that contains the CMC information in support of extension of shelf-life of the undiluted drug product for up to 9 months. Please submit this same CMC stability information to your BLA STN 125742 so that we can consider a 9-month shelf-life for the licensed product. We are reviewing the data under EUA 27034, but we want it formally submitted to the BLA.

Please submit this information to STN 125742/0 by COB Tuesday, August 17, 2021.

Please confirm receipt of this email and let me know if you have any questions or need additional information.

Regards,

(b) (6)

Center for Biologics Evaluation and Research
Office of Vaccines Research and Review
