Hi (b) (6)

Apologies in my haste to send the email I omitted the relevant clarifying background information. In the attached CBER correspondence *CBER responses to the Request for Comments and Advice regarding the supplemental BLA for adolescents 12 through 15 years of age* dated 24 September 2021 (IND 19736 amendment 434), CBER has made specific reference to also be providing shell tables specific to this sBLA submission for individuals ≥ 12 years of age (page 4).

Pfizer/BioNTech is alternatively proposing to deliver the 508 table outputs (covering only 12-15 years subjects) based on the previous submitted 508 shell tables for the upcoming sBLA 12-15 years planned for 17 December 2021.

Please let me know if you have any questions or concerns,

Thanks
Amit
